

United States Department of Energy
Synopsis
West Valley Demonstration Project (WVDP) Phase 1B Procurement

This notice is considered to be a synopsis in accordance with FAR Subpart 5.2 for the West Valley Demonstration Project (WVDP) Phase 1B procurement. The U.S. Department of Energy (DOE) anticipates the issuance of a Final Request for Proposal (RFP), solicitation number 89303324REM000122 (Draft RFP was released under 89303323REM000116) for the WVDP Phase 1B procurement, to be issued no earlier than January 2024. The WVDP Phase 1B Contractor will be responsible for achieving significant reduction in financial liability and environmental risk that provides the best overall optimal solution to site accelerated completion and closure. The major elements of scope for Phase 1B include: the demolition of remaining near-grade and below grade components of the Main Plant Process Building (MPPB); additional facility deactivation and demolition; contaminated soils excavation and remediation; waste management and legacy waste disposition; safeguards and security; environmental monitoring; surveillance and maintenance; and program support activities. The Final RFP will promote contractor community commitment and engagement, to include a requirement for the WVDP Phase 1B Contractor to submit a community commitment plan to DOE.

The new contract resulting from this acquisition will replace the contract currently being performed by CH2M Hill – BWXT West Valley, LLC., which will expire in 2025.

This WVDP Phase 1B procurement will be 100% full and open competition. The Government does not intend to acquire a commercial item or service using FAR Part 12. The North American Industry Classification System code for this requirement is 562910, Environmental Remediation Services, and the small business size standard is 1,000 employees. Further information concerning size standards can be found at the following website:

<https://www.sba.gov/federal-contracting/contracting-guide/size-standards>.

A dedicated website has been established for this procurement. All news/announcements, documents (including the Draft RFP and Final RFP), pre-solicitation information, questions/answers, and related links are posted to the procurement website, which can be found at: <https://www.emcbc.doe.gov/SEB/WVDPPhase1B/>. The Final RFP will also be posted on the SAM.gov website at <https://sam.gov/> and the FedConnect website at www.fedconnect.net.

A pre-solicitation conference and one-on-one sessions were held September 20-22, 2023. There will be no pre-proposal conference.

Contracting Office Address:

U.S. Department of Energy
Environmental Management Consolidated Business Center (EMCBC)
550 Main Street, Room 7-010
Cincinnati, OH 45202

Place of Performance:

The principal place of performance will be at the West Valley Demonstration Project, which is an approximately 150-acre area located 35 miles south of Buffalo, New York. The site is owned by the New York State Energy Research and Development Authority. In addition, work will also be performed near the WVDP site at the Ashford Office Complex, which includes administrative offices for DOE and contractors.
